Work Experience

•**Unity Game Developer Intern** *Remote*
evoDART Studios Jan 2026 – Mar 2026
–Designed and launched **3 hyper-casual Unity games** for Android and iOS; applied object-pooling and asset-bundling that cut average scene load time by **30%** on mid-range devices.
–Shipped **2 sprint deliverables per 2-week cycle** within a 4-person Agile team, collaborating with artists on animation pipelines and collision physics.

•**AR/VR & Game Developer** *Ahmedabad, Gujarat*
Ahura Technosoft LLP May 2025 – Jul 2025
–Delivered **2 AR prototype modules** with Unity AR Foundation in a 3-month contract; reduced client demo setup time from 2 hours to under 10 minutes.
–Produced **5+ wireframes and interactive UI prototypes** for web and mobile apps; daily stand-ups with a 3-member dev team cut revision cycles from 4 rounds to 2.

Projects

•**AR/VR Real Estate Walkthrough** | *Unity, C#, AR Foundation, XR Interaction Toolkit* *May – Jun 2025*
–Built an immersive property tour app with teleportation and dynamic lighting; deployed on **Android and iOS** for **2 real-estate clients**, removing the need for physical site visits.

•**Mavericks Battleground - The War Zone** | *Unity 3D, C#, Photon PUN2, Multiplayer* *Dec 2024 – Present*
–Engineering a real-time battle royale supporting **10+ concurrent players** via Photon Networking with under **100ms latency** across live networked game sessions.

•**SafalNova - AI Waste Management Platform** | *Next.js, MERN Stack, Python, TensorFlow* *Mar 2025*
–Built an AI-driven sustainability web app with a TensorFlow waste-classification model reaching **85%+ accuracy**; delivered a working prototype in a **24-hour** hackathon sprint.

•**Fit Sync - Health Tracker App** | *Flutter, Node.js, MongoDB, Python* *Feb 2025*
–Shipped a cross-platform fitness app integrating **3 REST APIs** with personalised AI recommendations across **5 fitness categories** for Odoo x CHARUSAT Hackathon.

Education

•**Charotar University of Science and Technology (CHARUSAT)** *Anand, Gujarat, India*
Bachelor of Technology in Information Technology - 3rd Year Jun 2023 – Jun 2027

Achievements

•**1st Place - Hack A Vation Gaming Hackathon (Dec 2024):** Won the game development track among **30+ competing teams**; built and submitted a complete Unity game within contest time limits.

•**9th Rank - Odoo x CHARUSAT National Finals (Feb 2025):** Ranked 9th among **200+ teams nationwide** with an ERP solution built on the Odoo framework.

•**Global Game Jam 2026 - IDC Mumbai (Jan 2026):** Designed and shipped *FACADE*, a 3D spatial game exploring the theme "Mask" in a **48-hour** live jam at IIT Bombay's Design Centre.

•**1st Rank - Code Ride Clash at CDMI (Jun 2023):** Secured top position in a competitive C/C++ programming contest, outperforming peers across **multiple university-level rounds**.
